Dear Sir/Madam,

Sub: Submission of information pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 – Update on Block B-80

We inform that, due to adverse weather conditions all efforts to hold the Floating Storage Offshore (FSO) moored with Single Point Mooring (SPM) has not been possible for over 10 days and the hawser parted yesterday. To ensure safety of the Vessel, SPM and the floating hose, the FSO is de-moored and anchored. Once the weather becomes normal, FSO will be moored with new hawser and the production from Block B-80 will resume. Till such time, the wells are secured with diesel and chemicals, and the export flowline is flushed with water.

Further, in terms of SEBI circular SEBI/HO/CFD/CFD-PoD-1/P/CIR/2023/123 dated July 13, 2023, the additional information required is given in Annexure - I.

The above information is also available on the website of the Company - www.hoec.com. We request you to kindly take our above submission on record.

Thanking you,
Yours Sincerely,
For Hindustan Oil Exploration Company Limited

G. Josephin Daisy Company Secretary

Annexure I

Expected quantum of loss / damage caused	Minimal losses expected
Whether loss / damage covered by insurance or	Not Applicable
not including amount
